<h1> What is HTML? </h1>
```

```
<p>
```

```
<b> HTML </b> stands for <u><i> Hyper  
Text Markup Language </i> </u> used to  
create web pages.
```

```
HTML defines the <b> structure </b>  
of a web page by using a system of  
tags and elements. <br>
```

```
HTML elements tell the browser how to  
display the content.
```

```
<i> It was developed by <b> Tim Berners-  
Lee </b> in 1992. </i>
```

</p>

Lab 3 Output:

The screenshot shows a web browser window with the title 'HTML Lab 3'. The address bar shows the file path: /home/user/Dolindra_Bahadur_Raut/lab3.html. The main content of the page is a resume for Dolindra Bahadur Raut. The resume has a dark background with white text. It includes a header with the name 'Dolindra Bahadur Raut', followed by contact information: Address (Lalitpur, Thasikhel, Bagmati Zone, Nepal), Mobile (+977-98XXXXXX), and Email (example@gmail.com). Below this is a section titled 'Career Objective' with the text: 'To be part of progressive and dynamic organization where i can apply my knowledg and skills, and enhance my professional growth'. This is followed by an 'Educational Qualification:' section listing three achievements: 'Running Bachelor in information Technology (BIT) under Tribhuvan University, from Patan Multiple Campus, Patandhoka', 'Completed Intermediate level (+2) under National Examinations Board (NEB), from Greenland Secondary School, Biratnagar-2023', and 'Completed SEE under National Examinations Board (NEB), from Shree Panchakanya Secondary School, Udayapur-2021'. The final section is 'Computer Skills:', which lists 'Operating Systems: Windows, Linux (basic commands)', 'Office Tools: MS Word, MS Excel, MS PowerPoint', and 'Database Management: Mysql (basic SQL queries)'.

CURRICULUM VITAE

Dolindra Bahadur Raut

Address: Lalitpur, Thasikhel
Bagmati Zone, Nepal

Mobile: +977-98XXXXXX

Email: example@gmail.com

Career Objective

To be part of progressive and dynamic organization where i can apply my knowledg and skills, and enhance my professional growth

Educational Qualification:

Running Bachelor in information Technology (BIT) under Tribhuvan University, from Patan Multiple Campus, Patandhoka

Completed Intermediate level (+2) under National Examinations Board (NEB), from Greenland Secondary School, Biratnagar-2023

Completed SEE under National Examinations Board (NEB), from Shree Panchakanya Secondary School, Udayapur-2021

Computer Skills:

Operating Systems: Windows, Linux (basic commands)

Office Tools: MS Word, MS Excel, MS PowerPoint

Database Management: Mysql (basic SQL queries)

Lab 4 Output:

The screenshot shows a web browser window with the title 'HTML lab 4'. The address bar shows the file path: /home/user/Dolindra_Bahadur_Raut/lab4.html. The main content of the page is a website for 'SKILLZONE COMPUTER ACADEMY'. The website has a light background with a laptop, keyboard, and pen as a background image. The text 'SKILLZONE COMPUTER ACADEMY' is prominently displayed at the top. Below this, there is a welcome message: 'Welcome to SKILLZONE's official website'. At the bottom, there is a promotional message: 'New Admissions Open! Register by June 30. First installment payment due by July 5. Contact us for more details.'.

SKILLZONE COMPUTER ACADEMY

Welcome to SKILLZONE's official website

New Admissions Open! Register by June 30.
First installment payment due by July 5.
Contact us for more details.

        .main {
          width: 800px;
          height: 300px;
          border: 4px solid black;
          padding: 0px 15px;
        }
        h1 {
          margin: 0px;
        }
      </style>
</head>
<body>
  <div class = "main">
    <h1> Image in Marquee </h1>
    <p> The <b>Marquee</b> tag can scroll both text and images across the screen. when an image is placed inside <b>Marquee</b> tag, it moves across the screen. </p>
    <hr color = "black">
    <marquee direction = "left" scrollamount = "10">
      <img src = "students.Jpeg" width = "200px" alt = "students">
      <img src = "students.Jpeg" width = "200px" alt = "students">
      <img src = "students.Jpeg" width = "200px" alt = "students">
    </marquee> <hr color = "black"> <p> Created by
    <b> Dolinder Bahadur Raut </b> </p> </div>
  </body>
</html>
```

Lab 5 Output:

Learning Image Tag in HTML

The `img` tag in HTML is used to display images on a web page. It is an empty (self-closing) tag, meaning it does not require a closing tag. The most important attribute of the `img` tag is `src`, which defines the source or path of the image file. The image source can be either a relative path from the current file or an absolute URL. Another essential attribute is `alt`, which provides alternative text that appears if the image fails to load. Additionally, attributes like `width` and `height` can be used to specify the dimensions of the image.

Lab 6 Output:

Image in Marquee

The Marquee tag can scroll both text and images across the screen. When an image is placed inside a marquee tag, it moves across the screen in the specified direction.
